

**About Us:**

Havel is a division of Shambaugh & Son and is a wholly-owned subsidiary of EMCOR Group, Inc. EMCOR is the world's leading provider of mechanical and electrical construction and facilities services, including planning, consulting, and operations and maintenance.

Havel provides single source solutions that meet a wide range of facility design, installation, operation and maintenance requirements. For more than 50 years, we have learned to anticipate operational needs, identify new technology trends, and provide construction services for the mechanical (PHVAC) electrical, building automation systems and energy services industries.

Job Title: Control Sales Engineer

Job Summary: To call on, develop and sell new and existing customer base temperature control and security systems (building automation systems) on commercial, industrial and institutional projects.

Qualifications: Understanding of building mechanical HVAC, electrical and temperature controls systems. Knowledge of systems integration is a plus. Minimum 5 years experience in the industry or related field.

We offer our employees a competitive salary and comprehensive benefits package and are always looking for individuals with the talent and skills required to contribute to our continued growth and success. EOE M/F/D/V
