

SHAMBAUGH & SON, L.P.  
CONTRACTORS ■ ENGINEERS

**About Us:** Shambaugh & Son, a wholly owned subsidiary of EMCOR Group, Inc., specializes in Design/Build and fast-track project delivery. Shambaugh & Son is a third generation, 85-year-old, construction/engineering firm. We are the third largest specialty contractor in the U.S. and the only one with all eight M.E.P disciplines in-house. We perform over \$270 million of construction per year with over 1,500 employees throughout 40 states.

**Job Title:** Java Developer

**Job Summary:** Develop applications and web pages in Java.

**Essential Duties and Responsibilities:** Will work with Senior Developer to develop and maintain business applications. Focus on content delivery. Must be able to work as part of a small team and have good communication skills. This position will be part of a small team responsible for implementing current technology, interfacing to a legacy back office system. Will be involved in all phases of a project, from developing requirements, design and coding to project delivery.

**Qualifications:** Successful applicants will have 1 – 2 years Java programming experience, be a problem solver and have the ability to adapt to a rapidly changing technical environment. Basic web skills (HTML, CSS), JDBC and complex SQL query development are preferred. Knowledge of Javascript or JSON is a definite plus.
