

**About Us:** Shambaugh & Son, a wholly owned subsidiary of EMCOR Group, Inc., specializes in Design/Build and fast-track project delivery. Shambaugh & Son is a third generation, 81-year-old, construction/engineering firm. We are the third largest specialty contractor in the U.S. and the only one with all eight M.E.P disciplines in-house. We perform over \$270 million of construction per year with over 1,500 employees throughout 40 states.

**Job Title:** Project Manager for Process Projects

**Job Summary:** Growth opportunity for a Project Manager for our food process, industrial, and ethanol process projects.

**Qualifications:** 10-15 years minimum experience is required. Experience managing \$10M-\$30M industrial piping and vessel rigging projects. Knowledge of large bore carbon and stainless steel piping systems, experience in monitoring labor performance for purpose of identification of labor productivity and tracking progress. Knowledge in reading plan and ISO drawings for purpose of ordering material and estimating of change orders. Ability to order, track, and expedite for timely delivery to multiple locations of pipe valves, fittings, and specialty items required for the project.
