

## Jason Paxson

**Operations Leader, Controls Engineering  
Shambaugh & Son**

### Value Delivered

As Operations Leader, Jason is responsible for the daily operations of the Controls and Automation Department, where he leads his team on multi-divisional food and dairy projects across the country. He works to help ensure that all projects are completed on schedule and within the scope of the project while also striving for consistent customer satisfaction.

### Expertise

Jason has been a valued member of the Shambaugh team for over 15 years. His success stems from a combination of industry experience and an ability to adapt to roadblocks while still providing solutions in a timely manner. Jason has been a team member on several large projects. He has programmed both Allen-Bradly and Siemens programmable logic controls (PLCs) and human machine interfaces (HMIs), including Greenfields and plant upgrades. Jason has worked through various levels of increasing responsibility to his current position of Operations Leader.

Jason joined the Shambaugh Controls and Automation team after graduating from Purdue University in June of 2000 with a Bachelor of Science in Industrial Engineering Technology.

Notable projects include:

- Ehrmann Arizona Dairy, Casa Grande, Arizona
- Commonwealth Dairy, Brattleboro, Vermont
- MMPA, Ovid, Michigan
- Marzetti, Horse Cave, Kentucky

### The Personal Side

Jason is married, and he and his wife have four wonderful children. In his free time, Jason enjoys the outdoors and making memories with his family.
